

# JOY

## ALL ABOUT INNER AMBITIONS

With technology and performance straight from a race pedigree, introducing the new Joy line women's models. Each ski in the range has been individually designed for maximum versatility, meeting a range of abilities from beginner to the expert, both on and off-piste terrain.

## PERFORMS BECAUSE IT'S BUILT TO

Developed with space-age materials, the Superlite Carbon Sandwich Cap Construction is a superb balance of super-light Graphene and extra carbon layers to give extreme agility and outstanding responsiveness for the ultimate racing performance.

### SUPERLITE CARBON SANDWICH CAP CONSTRUCTION

- ① Top Sheet
- ② Glass Fiber
- ③ Carbon
- ④ Diagonal Glass Fiber
- ⑤ Graphene
- ⑥ Dampening
- ⑦ Woodcore Karuba-Ash
- ⑧ Sidewall
- ⑨ Edge
- ⑩ Base

## THE EVOLUTION OF JOY

Designed specifically for female skiers, the Joy range has been further refined to provide improved performance, on and off piste. There's balance, thanks to Graphene weight distribution. A thicker tip and tail design gives perfect, predictable flex while HEAD's signature female specific camber and ERA 3.0 rocker, radius and rebound supply control across all terrain and conditions. New for 2020/21 is the race inspired Power Joy, which contains EMC, the world's only electronic ski dampening system, a high performance ski for strong female skiers.
