THE JOY LINE

JOY

PROFESSIONAL DEVELOPMENT

Former HEAD Worldcup Rebel and ski racing legend Anna Veith has been instrumental in the development of the new JOY ski. Consulting from an early stage of the JOY redesign, Anna has contributed her knowledge to help produce a ski that performs to the very highest standards.

CHASING BETTER

TESTING FOR THE EVERYDAY

Prototype testing is key to any product development process. When testing the new JOY we enlisted the help of a range of female skiers to ensure JOY not only performs to the levels demanded by Anna, but that it can also be enjoyed by the everyday skier.
