

RACE

RAPTOR

Simply the most successful race boot in World Cup history and still the equipment of choice for the world's fastest racers. This is ultimate speed in a tailored, precise fit.

BUCKLE POSITIONING

The higher screw-racing buckle and compact shell won't touch the snow when achieving high edge angles.

CUFF ALIGNMENT

Gives more precise adjustment, more stable connection and less friction between shell and cuff.

EXTENDED TOE BOX AND MATERIAL

The extended toe box increases torsional rigidity and power transmission. The shell's PU material provides a more progressive flex, smooth rebound and less vibration for better control.

WCR BOOT BOARD

The all-new WCR boot board has no varus, which allows for rapid and easy fitting.

RACE

RAPTOR WCR 140S PV

ARTICLE NUMBER

605030 White

PRODUCT FEATURES

Flex tuning, Cuff Alignment, Extended Toe Box, Rear support tuning, FIS approved sole thickness, Flat foam wedge

LINER

Pro Race LF, HP frame footbed, 50mm Double power booster velcro strap, Adj. Tongue

BUCKLES

HIGH PERFORMANCE

FORMULA

A high-performance boot designed for expert skiers looking for unbeatable comfort and foot wrapping. FORMULA comes in 98mm and 100mm last sizes to fit all feet and every terrain.

SPINEFLEX BUCKLE

This unique buckle concept has a flexible element, that adapts to the shell profile, reducing pressure points and improving the fit and performance.

CUFF ALIGNMENT

Gives more precise adjustment, more stable connection and less friction between shell and cuff.

EXTENDED TOE BOX

A longer toe box increases torsional rigidity and power transmission. New design for a better balance and increased comfort.

PU MATERIAL

The PU material gives more progressive flex, smooth rebound and less vibration for better control.
